LONDON, NOVEMBER 6.

O N Saturday some dispatches arrived in town from the courts of Vienna and Berlin, which were immediately forwarded to his Majesty at Richmond.

We hear that Lord Bute's baggage was sent away on Saturday, for Dover, and that yesterday his Lordship set out for the same place, to embark for France.

On Friday when Mr. Beckford was presented to the Lord Chancellor, his Lordship, in a polite and elegant address, congratulated him on his being twice chosen Lord-Mayor of London, and three times a Member for the metropolis.

It is said that Richard Oliver, Esq, merchant of this city, is gone to Winchelsea, to offer himself a candidate for that town, in the room of Thomas Orby Hunter, Esq; deceased.

According to a list of the English horses in different regiments of French cavalry, it appears their numbers amount to 1350, exclusive of English horses in the different regiments of dragoons. The commissions now in England, for the service of the French cavalry, will be sufficient for mounting three regiments of French dragoons.

NOVEMBER 7.

Letters from Copenhagen, of October 16, say, "The King our Sovereign having testified his approbation, during his residence in England, of many civil and military establishments, intends to build two hospitals, at Copenhagen and Bergen, for disabled seamen. The hotel of the invalids is already begun. The English fashions and furniture prevail in this capital; and the young noblemen learn that language; a circumstance very agreeable to the Queen."

A Portugueze man of war had taken and brought into Lisbon a Salletine ship, of 18 guns and 120 men, which is since delivered up, on account of a peace having been concluded between those two powers.

Yesterday Earl Temple arrived in town from his seat at Stowe.

At a meeting of those who call themselves the friends of liberty, at Newcastle, in order to consider upon a petition to his Majesty, Sir Walter Blacket spoke with great ability and perspicuity against the measure. He concluded his speech with declaring, "That he would sooner cut off his right hand, than sign a request to the K—g, to interfere with the resolutions of the commons of England."

The jury was yesterday struck to try the grand cause between Lord Halifax and Mr. Wilkes, which is to come on, in the Court of Commons-Pleas, before Lord Chief Justice Wilmot, Friday next.

It is expected there will be as grand a shew on Lord-Mayor's-day as ever has appeared. General Paoli is invited to the entertainment at Guildhall.

In order to prevent rioting that night, a great number of assistants will be added to the peace-officers of the city, who are to be so disposed as to be within call of each other, that they may seize the ringleaders of any mob that may gather, either to d[illegible]

Mr. Wilkes, who for several days past has been indisposed with a fever, at his apartments in the King's-Bench, is now recovered.

NOVEMBER 9.

Extract of a letter from Leghorn, dated Oct. 13.

"The Republic of Genoa is making great military preparations. The passages, forts, and entrance of the two rivers are fortifying; and a general amnesty is published in favour of deserters. Several Genoese families have hired houses here to come in; and some noble families of Genoa are preparing to fix their residence at Pisa."

A letter from the frontiers of Italy says, "Some important projects will soon break out in this part of Europe. There is already a manifesto published concerning the rights of the Imperial House upon the city of Genoa, and even upon all Liguria; and such publications, when they are avowed, are generally the forerunners of some invasion. Fourteen battalions of Austrian troops have entered the Mi[illegible]nese. The Genoese are greatly alarmed; and the King of Sardinia is augmenting his forces."

We hear the French have now double the quantity of timber proper for ship-building, in their different dock-yards, that they were ever possessed of at one time before.

We hear that the inhabitants of Boston are so much incensed at the ill treatment Mr. Otis met with from Mr. Robinson, that the latter is obliged to take a guard with him whenever he goes out, for fear of being murdered!!!

So extensive is the veneration for the No. 45, that the French have invented a new game, called *Domino*, to be played with 45 dice; which our people of fashion have just imported, either from an attachment to the patriotic cause, or something worse, the prevailing passion for gaming.

An application, we hear, will be made by several respectable merchants and wholesale dealers, that they may be permitted to clear their ships of their respective freights on holidays, since their goods by that obstruction, are not only frequently damaged, but the sale of them injured. 'Tis computed, that not less than *one thousand men* are unemployed *every Custom-house holiday*. This relic of Popery has been a long-standing nuisance to trade.

A few days ago a gentleman of great abilities in the sea service, and who was formerly captain of a privateer, having been a long time out of employ, solicited the Russian ambassador to give him a post in that service, and being asked whether he could speak French, answered in the negative, but said, he believed himself capable of making her Imperial Majesty's *guns talk that of any other language she should please to direct*.

I offered to ſign the Reſolutions, but could not be admitted. I underſtand Two-thirds of the ſaid Committee were of Opinion, that my Caſe was clear and laudable; what the Reaſons of the other One-third might be, every Freeman has Liberty to judge. By the foregoing Proceedings, I think myſelf injured, the Aim being to hurt my Trade amongſt you: But as a Friend to the Country, would recommend it in general Terms, to keep your Hands clean of Oppreſſion; for if you uſe it in Proportion to your Power, the World will think you but nominal or ſelfiſh Freemen.

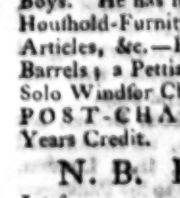
The Subſcriber hath for SALE,



ABOUT 15,000 Acres of exceeding good LAND, lying on Santee, and Ediſto-Rivers, and the Waters thereof, and between 30 and 100 Miles from Charles-Town, in Tracts of any Size, from 100 to 3000 Acres, ſeveral of which lie on Both Sides of the ſaid Rivers, have very large Fronts, and good Proportions of Swamp and high Land.

The Land, in general, is as good for Corn, Indico, Hemp, or Rice, as any in the Province.

One of the Tracts conſiſts of about 2500 Acres, and is a moſt commodious Place for a Saw-Mill to work three Saws, having a good Creek running through it, upon which a Mill may very conveniently be built as near as is proper to the main Santee-River: Beſides the Mill-Seat on ſaid Tract, which abounds with good Pine and Cypreſs Timber contiguous, there is ſo much good River Swamp, as to render it a moſt complete Hemp or Indico Plantation.

Sundry other ſmall Tracts on the ſaid Rivers, as well as Inland Tracts of one, two, to 500 Acres, are very commodious for ſmall Settlements.

All the Land is exceeding well watered, and the only Fault that can be found with any, is, that it is not convenient to any but freſh-Water Landings, which renders it rather fitter for the Culture of Hemp and Indico than Rice; and indeed moſt of the Swamp is rather of the Quality that ſuits the two former beſt.

The Owner of ſaid Lands, among ſuch a Variety, doth not doubt, but he ſhall be able to furniſh any Perſon inclinable to purchaſe, in thoſe Parts of the Province where they lie, at what they may think a reaſonable Rate. JOHN MITCHELL.

THE Subſcriber being obliged, on Account of his bad State of Health, to leave the Province early in the Spring, gives NOTICE, That he is now ſelling off, at PRIVATE SALE, ſeveral very valuable NEGROES; amongſt which are, Coopers, Sawyers, Boatmen, Field-Slaves, good Cooks, Waſher-Women, Houſe-Women, and Waiting-Boys. He has likewiſe to diſpoſe of, in the ſame Manner, his Houſhold-Furniture, Books, Horſes, Cattle, Sheep, Plantation-Articles, &c.—He has alſo to ſell, a Hand-Organ, with three Barrels; a Pettiauger, that will carry ſix Cords of Wood; a Solo Windſor Chair; an Italian Chair; and a very neat light POST-CHARIOT. The Purchaſers may have one or two Years Credit. CHARLES MARTYN.

N. B. He purpoſes likewiſe, to Let or Leaſe out, to any Gentleman who may want a Summer's Retreat, his PLANTATION, on Aſhley-River; upon which are ſeveral convenient Out-Houſes, a good Dwelling-Houſe, a large Orchard and Garden; and about 70 Acres of cleared LAND (free from Roots and Stumps) fit either for Paſturage or [illegible] of Hays, and which are divided into convenient Incloſures, by [illegible] Fences.

To be HIRED out by the Month,

A NEGRO WENCH, that can cook, waſh and iron, and has been uſed to Houſe-Work. Inquire at the Printing-Office, in Broad-Street.

*** He intends, early in the Spring, to move into the Houſe where Mr. GRIMKE hath carried on the ſame Buſineſs, for many Years, and hopes for the Continuance of the Favours of the PUBLIC.

☞ The HOUSE he now lives in, will be lett, 'till MAY, 1771.
